Work Experience

Data Scientist, Aristotle University of Thessaloniki

2018 -> Now

I am working on various Horizon 2020 and National research projects addressing problems related to: Network Mining, Graph Representation Learning, Information Diffusion, Outlier Detection, Data Engineering

Data Scientist, Telefonica I+D, Barcelona, Spain

September 2019 -> December 2019

As a Marie-Curie RISE project secondee, I have worked on Online Aggression Diffusion and Minimization using Information Diffusion and Epidemics models

Web Developer, Aristotle University of Thessaloniki

2017 -> Now

As part of my work in various Horizon 2020 and National research projects I am developing websites and web applications using HTML5, CSS3, JavaScript, React.js, D3.js, Chart.js, Wordpress, PHP, Flask

Education

M.Sc. in Web & Data Science, Aristotle University of Thessaloniki, 2018 -> 2019

GPA 9.67/10

Best Master Thesis Award

B.Sc. in Computer Science, Aristotle University of Thessaloniki, 2013 -> 2017

GPA 9.22/10

Major: Information Systems

Minor: Artificial Intelligence

SUMMARY

I am 25 years old, holding an M.Sc. in Web and Data science, currently striving to gain professional experience. I love Network Mining, Deep Learning and Machine Learning in general and I would be glad to work for an organization pushing the boundaries of the current state-of-the-art solutions. I am passionate, hard-working and I always seek ways to question our understanding on modern social and data-driven problems to advance our knowledge and capabilities further. I am an avid nature lover who loves sports, books, self-improvement and a quality movie.
